ABOUT THE JONESBORO METROPOLITAN PLANNING ORGANIZATION

The Jonesboro Metropolitan Planning Organization (MPO) is a transportation-planning body composed of locally-elected officials and representatives from state and local transportation agencies. The MPO's planning area includes the cities of Bay, Bono, Brookland, Jonesboro, and some unincorporated portions of Craighead County. The primary objective of the Jonesboro MPO is to prepare consensus-driven, fiscally-constrained plans for the development of a safe, efficient, multimodal, and affordable regional transportation system. The planning area overseen by the Jonesboro MPO is illustrated in **Figure 1**.

PURPOSE OF THIS REPORT

This report identifies each project in the Jonesboro Metropolitan Planning Area for which Federal funds were obligated between October 1, 2014, and September 30, 2015. Obligation of funds reflects the Federal government's commitment to pay or reimburse the State of Arkansas or local entities for the Federal share of a

project's eligible costs. Obligation of funds does not necessarily imply that work on a project began in the year of obligation. Additionally, the amount of Federal funds obligated may not be equal to the total cost of a project, which may also include commitments from the State of Arkansas or local entities.

This report is being published pursuant to 23 USC § 134, 49 USC § 5304, 23 CFR § 450 and 49 CFR § 613, which require the preparation of an annual list of projects for which Federal funds were obligated in the previous fiscal year. The list of FHWA obligated projects includes highway projects described by location, phase and the amount of Federal funds obligated; and the list of FTA obligated projects includes transit projects described by recipient, the type of assistance received and the amount of Federal funds obligated. Transportation projects undertaken without the use Federal funds are not identified in either list.

SUMMARY OF FEDERAL TRANSPORTATION OBLIGATIONS IN FY 2015

As indicated in **Table 1**, between October 1, 2014, and September 30, 2015, the Federal government obligated approximately \$2,912,463 for highway projects within the Jonesboro Metropolitan Planning Area. Of those funds, approximately \$1,103,000 was obligated for the improvement of the intersection at Airport Road (Hwy. 351) and Aggie Road, and approximately \$1,200,000 was obligated for the initial planning and engineering consultation for an overpass at HWY. 18 and Nettleton. The remaining obligations relate to railroad crossings, road extensions and other varying projects.

As indicated in **Table 2**, local Federal transit obligations for FY 2015 totaled approximately \$1,298,650. Approximately 94% of those funds were obligated to support the operating and capital costs of the Jonesboro Economical Transportation System (JET). The balance was obligated to support the operating and capital costs of human-services transportation providers.
