

PERMITS

Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical or plumbing system, the installation of which is regulated by the AFPC, or to cause any such work to be done, shall first make application to the building official and obtain the required permit. **AFPC vol. 2, 105.1**

Application for permit. To obtain a permit, the applicant shall first file an application therefore in writing on a form furnished by the department of building safety for that purpose. Such application shall:

- Identify and describe the work to be covered by the permit for which application is made.
- Describe the land on which the proposed work is to be done by legal description, street address or similar description that will readily identify and definitely locate the proposed building or work.
- Indicate the use and occupancy for which the proposed work is intended.
- Be accompanied by construction documents and other information as required in **Section 106 of the AFPC.**
- State the valuation of the proposed work.
- Be signed by the applicant, or the applicant's authorized agent.
- Give such other data and information as required by the building official.
