Preliminary Digital Flood Insurance Rate Map (DFIRM) and Flood Insurance Study (FIS) Report for Craighead County, Arkansas.

The Department of Homeland Security's Federal Emergency Management Agency (FEMA) solicits technical information or comments on the Preliminary Flood Insurance Study (FIS) and on the Preliminary Digital Flood Insurance Rate Map (DFIRM) for your community. It should be noted that no substantial increase in Base (1-percent-annual-chance) Flood Elevations (BFEs) occurred. The DFIRM and FIS report are the basis for the floodplain management measures that your community is required to either adopt or show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). The Preliminary DFIRM and FIS report have been mailed to the local Floodplain Administrators.
